Bill Signed Giving Brazos Authority Right To Dams

According to a telegram received today by Oxsheer Smith from Representative Bob Poage, a bill was signed into law by President Eisenhower which will have a great effect on both Texas and Milam County. The bill was one which was recently passed by the Congress making it possible for the Brazos River board to retain permanent title to all dams it builds. Up until this time, the government had the right to take possession of the dams at the end of fifty years simply by assuming any debts that might be on the dams.

The immediate effect of this new law is to give the Brazos River board complete ownership and control of the Possum Kingdom dam. This will make it possible for the board to build several other dams whose successful operation will depend on the control of the Possum Kingdom dam.

The telegram from Poage read as follows:

"Honorable Oxsheer Smith
Cameron, Texas

President has signed into law bill recently passed by the Congress making it possible for Brazos Authority to retain permanent title to all dams it builds This will enable Authority to begin immediate construction of several dams between Morris Shepherd and Whitney and I hope will result in several other dams at later dates. I have been pleased to work with you in effort to secure this legislation and am happy it has been successfully complete. Thanks and congratulations.

W. R. Poage, Congressman."

Ted Ford Receives First Bale Check This Week From Milam Farm Bureau

Ted Ford, farmer of the Baileyville community and member of the Milam County Farm Bureau, was mailed a $25 check from the local Farm Bureau office this week. The prize was offered by the Farm Bureau for the first bale of cotton ginned by one of its members.

Ford's bale was ginned July 20 at the Wolf and Son Gin in Rosebud. The Rosebud Chamber of Commerce gave him a $100 bonus.

Ford began picking early on the morning of July 20 and brought about 1,550 pounds of seed cotton to the Wolf and Son Gin about 2:30 p. m. The bale, which was ginned at 3 p. m., weighed 503 pounds with 1050 pounds of seed. T. R. Depew paid 36 cents a pound for the lint. Wolf and Son ginned the bale free and bought the seed at $85 a ton. Ford's cotton variety was Empire.

Milam District Will Enroll 75 New Scouts During Fall Drive

A goal of 1,400 new members of the Heart O' Texas Boy Scout Council was set Thursday night at a meeting of the executive board in the Waco home of Council President Pat Taggart.

Gene Blake, Milam District chairman, "signed a mortgage" for 75 boys to be "delivered" to the Council by December 10. This number of new members would represent a 15 percent increase over the members enrolled last year. Blake was accompanied to the Council meeting by John Harper and Richard Bush.

The drive will begin Sept. 1 and end Dec. 10. Thirty-four board members, representing the 10 districts, received their drive quotas.

Sheriff C. C. Maxey, all decked out in chaps, spurs and six guns, blazed away with pointed blanks and served a "mortgage" for the new members on Taggart, Clyde Robertson of Killeen and Frank Ragsdale. Robertson is council commissioner and Raysdale is chairman of the organization and extension committee.

The "mortgage" is due Dec. 10, and Maxey threatened to get new "range bosses" if it isn't paid. The new members will bring the council total to 7,000.

The board voted to hold the biennial Scout Circus April 15 and 16 next year. The 7,000 Boy Scouts and leaders of the nine counties in the council will participate. Other details have not been set.

The Council budget campaign for funds was set for the last week of October and the first week of November. Goal of the drive is $71,615.50.

Essie Burks entered Newton Memorial Hospital August 14 for surgery.

Several Milam Area Schools Announce Their Opening Dates

Several schools in the Milam County area have announced their opening dates recently. Among them are the following:

Ben Arnold school will open Monday, August 31 for the fall term. Mrs. H. H. Pruett and Mrs. Luther Carleton will serve as teachers. Members of the board are A. T. Swanzy, Lewis Miller and William Kosel.

Rockdale schools will open for enrollment and assignments Sept. 1, with a general organization of the faculty to be August 31. The first unit of the new elementary school building is complete and ready for occupancy. Superintendent of schools is W. C. Grissom; Norman Malechek is principal of the high school, and O. E. White, principal of the colored school.

School will begin in Buckholts on September 7, Oscar W. Benold, school superintendent, announced.

Rosebud High School will have its annual homecoming of ex-students on October 23. A street parade, a dinner and a football game between Rosebud and Belton have been planned.

Two DWI's Tried; One Gets Jail Term

Clarence Loving pled guilty in County Judge Charles C. Smith's court August 17 to the charge of driving while intoxicated. He was fined $50 and cost of court and was sentenced to 15 days in the county jail.

The jail sentence is to be held in abeyance for ten days, and if, during that period, he makes restitution for all property damage done, the jail sentence will be suspended. Loving's license to drive was suspended for six months.

Francisco Bueno pled guilty August 17 in County Court to driving while intoxicated. He was fined $50 and cost of court and his license to drive was suspended for six months.

On August 12 in County Court Edward Hamilton pled guilty to the charge of unlawfully carrying a pistol. His punishment was assessed at a fine of $100 and cost of court.

Amos Morrison was charged August 12 with passing a worthless check. E. D. Price was charged August 15 with swindling.

Jury Commissioners Meet Wednesday

Jury commissioners Bill Gause of Gause, Henry Siebman of Cameron and N. E. Alford of Rockdale met in the District Court Room Wednesday at 9 a. m.

The commissioners selected jurymen for the September court term. This included grand jurymen, petty jurymen and special veniremen.

Cotton Damaged In Early Morning Fire

About twenty-five bales of cotton were severely damaged early Saturday when a fire broke out in the back of a trailer truck. The cotton-loaded vehicle was parked near the cotton oil mill.

No damage was done to the truck, owned by Frank Wazell, but the cotton, believed to have come from the Yarrellton Gin, was badly burned.

Volunteer firemen answered the call about 2 a. m., taking the new pumper. It took them an estimated twenty-five minutes to extinguish the fire.

Congressman Poage Makes Cameron Visit On Friday Morning

Representative W. R. (Bob) Poage visited in Cameron Friday morning. He was en route to Milano and Rockdale where he discussed problems with the local citizens.

Congressman Poage was at Sloan's Cafe in Milano Friday at 2:45 p. m., according to Milano Postmaster John D. Yoakum. He was accompanied by his secretary, Lacey C. Sharp.

He was scheduled to arrive in Rockdale at 3:30 p. m. and talked with Rockdale residents in he Community Room of the Rockdale State Bank.

These visits were three of a number scheduled by Representative Poage throughout the local congressional district to give citizens an opportunity to personally discuss their problems with their representatives.

Storage holdings of shell eggs on June 30 were the lowest on record for the date. The egg-feed price ratio is the most favorable for the producer since 1949.

Lewis Wells of Cameron, entered St. Edward Hospital August 14 for medical treatment.

Colored Man, 92, Fatally Injured By Freight Train

As he attempted to cross the Santa Fe tracks about midnight Friday night, Ed Gant, colored, age 92, was struck and fatally injured by a freight train.

According to the engineer of the train, the freight was moving south about 6 mph on a siding, awaiting the passage of a northbound passenger train. Gant, a Fort Worth resident, attempted to cross in front of the freight and evidently could not make it in time. He was walking on crutches.

Gant was taken to St. Edward Hospital where he died about 6 a. m. Saturday.

Marek-Burns Funeral Home made local arrangements. The body was taken to Fort Worth Saturday.

Southland Oil Co. Discusses Plans For Cameron Re-Opening

Representatives of the Southland Oil Company met with the Chamber of Commerce in Cameron on Saturday, August 15, to discuss plans for reopening the oil company on South Houston.

This plant, after operating in Cameron for many years, was finally closed in 1951 because of the decrease in the supply of cotton seed and consolidated operations by the Southland Cotton Oil Company. When operations were terminated, the company had about 40 employees with an annual payroll of around $100,000.

Officials of the company are optimistic about the idea of converting production to a product such as castor oil. Such a move will also stimulate the castor bean growing program, which has begun in Milam County this year.

Rep. Herman Yezak Schedules Cameron Visit September 5

Representative Herman Yezak announced Saturday that he will be in Cameron on Saturday, September 5, for the convenience of residents in the area.

He stated that the purpose of this visit is to make available to this area the services of the state representative and to discuss matters of interest and concern with any individual or group.

Rep. Yezak will be located at the County Court Room while in Cameron.

The Cameron visit is scheduled along with a series of other visits in the state district 56. Rep. Yezak is in his first term of office. His home is in Bremond.

Liberty Church Will Begin Revival On Sunday, August 23

Revival services will begin at Liberty next Sunday at 11 a. m. and will continue through the week, ending on the following Sunday. Services will be held each evening at 8 p. m.

Rev. Burton Smith, pastor of St. John's Methodist Church in Rockdale, will be speaker for the series of meetings.

In connection with the revival, a Vacation Bible School will be held each day from 9 to 11:30 a. m., Rev. R. E. Ledbetter, Sr., announced.

Next Sunday at the Milano Methodist Church Sunday School will meet at 10 a. m.

Mrs. L. L. Walton and daughters, Edith and Barbara, and Mrs. Alma Houston spent last week in Corpus Christi. The group saw Padre and Goose Islands, swam in the Gulf and made an excursion on a fishing boat.

Registration Begins at Yoe High Monday

Yoe High School registration schedule for 1953-54 was announced Wednesday by Sanford M. Layfield, principal. Registration will be in library of Yoe High School building.

Monday, August 24 2:00 p. m.—All 9th, 10th, 11th, and 12th graders who did not attend either Yoe High, Ada Henderson, or St. Anthony last year.

Tuesday, August 25 8:00 a. m.—All boys planning to schedule for athletics.

9:00 a. m.—All band students.

10:30 a. m.—All Seniors and Juniors not included above.

Wednesday, August 26—8:00 a. m.—All Sophomores not included above.

10:00 a. m.—All freshmen not included above.

Students are asked to follow the above schedule strictly. Those who canot do so will register as soon as possible after school opens September 1. It is to the students' advantage to register according to schedule.

Students will be held to pre-registration requests for subjects in all possible cases, because, upon these requests for subjects made before school closed last spring, the schedule for 1953-54 was made.

Seniors, Juniors, and Sophomores were given several days last spring to discuss courses with parents and teachers prior to making their decisions for 1953-54 subjects.

The addition of any new subjects to the high school curriculum will be available to students as elective credits.

Aluminum Company To Open Alcoa Lake For Public Fishing

Aluminum Company of America announced this week that Alcoa Lake, located east of the Rockdale Works, will be opened to the public for fishing.

J. D. Harper, manager of the Rockdale Works, said that plans are now being made to build a boat dock and launching facilities on the south shore of the lake. A picnic area will also be provided in the wooded area near the boat dock.

Day-to-day permits for fishing on the lake will be issued free. A concession house where one can rent boats and buy fishing tackle, bait and soft drinks will be built.

In April and May the Texas Game and Fish Commission stocked Alcoa Lake with 18,000 black bass and 5,000 bream of "finger-length" size. Channel cat, more bass and bream will be added this fall.

The Commission recommends that the lake not be fished for at least one year. However, exact date when fishing is allowed will be determined by how fast the fish grow.

Regulations for fishing on Alcoa Lake will be announced later. However, procedure for using the

Non-Agricultural Jobs Open at TEC

The Texas Employment Commission office in Rockdale reports three non-agricultural openings this week.

There are two positions open for men in the surveying field, one as rodman and one as instrument man.

One vacancy exists for a laboratory assistant.

Those interested in any of these jobs should contact the TEC office in Rockdale.

Mr. and Mrs. G. N. Elmore of Austin spent several days visiting in the home of their daughter, Mrs. Ray Mliler at Milano. While here they visited in Cameron. They will return to their home via Houston and Galveston. Mr. Elmore is on vacation from his job at the State Hospital whhere he has been on the staff for the past ten years.

Ardell Pagel of near Yarrellton transacted business in Cameron Friday.

TP&L Sustains $8,000 Damage

An early evening fire Sunday roared through the Cameron Enterprise and the Texas Power and Light Company Buildings, causing an estimated $41,000 damage and threatening nearby buildings.

The fire was discovered at 7:20 p. m. by a group of children. Firemen fought skillfully for nearly two hours before bringing the fire under control. Flames broke out again at 4:30 a. m. in the Texas Power and Light Company side of the building, but firemen were able to quickly extinguish this second blaze.

Considerable smoke damage was done to the adjacent Masonic Lodge hall before the fire was controlled, but no other damage to nearby buildings was done.

Fire Marshal John Eanes said the fire began when the motor on an old Frigidaire refrigerator shorted out. Flames swept up the wooden partition and began to lick the roof. The inside of the building was destroyed causing the roof to collapse and destroy the contents.

The Water Department estimates that it took 125,000 gallons of water to extinguish the flames.

The large brick-walled building on North Houston Street was owned by the Triggs Estate and housed the Enterprise and TP&L offices.

Unofficial estimates late Sunday night placed the damage to the building at $18,000, with an additional $15,000 damage estimated for the machinery in the Enterprise.

The Enterprise is published by Ben F. Reichert, editor and manager, and Mrs. Reichert, associate editor. The paper began its 51st volume on May 28.

Henry Siebman, manager of the TP&L, estimates their loss at $8,000 for furnishings, display merchandise and supplies. Radio equipment, air conditioning units, electric stoves and refrigerators were on display in the office. Siebman stated that the major portion of the company's records were saved although a few were damaged by water.

Mr. Siebman stated that, for the present, the Texas Power and Light office will operate in the Masonic Building. Those wishing to pay bills or discuss service are asked to come to this building instead of to the former TP&L location.

Although both business firms were housed in the large building, the Enterprise and TP&L were separated by a wall and have long been considered in separate buildings.

Austin A. Crownover, state director of sales for the Texas Farm Bureau Insurance Services, visited the local farm bureau office Wednesday.

Mr. and Mrs. John Reynolds of Mart, visited in Cameron, Sunday.

Mr. and Mrs. Fred Petmecky visited in Hutto over the weekend.

28,800 Pounds of Butter Received For School Lunchroom Distribution

Nine hundred cases of butter for use in school lunchrooms have been received by the Milam County Superintendent's office, it was announced Tuesday.

These 28,800 pounds of pure creamery butter from Souix City, Iowa are some of the thousands of pounds of butter in price support stocks owned by the United States Department of Agriculture.

The butter is being distributed by the Texas Department of Public Welfare.

The Milam County Superintendent's office heads Distributing District 5 which is composed of ten counties. These are Bell, Brazos, Burleson, Grimes, Lee, Leon, Madison, Milam, Robertson and Washington.

Telephone Employees in Six States Set Strike Thursday

The CIO Communications Workers Union announced Tuesday night that 6 a. m. Thursday had been set as strike deadline for the 50,000 Southwestern Bell Telephone Company workers in six states, including Texas.

C. L. Carson, general manager of this district, made the following statement in a long distance conversation with a Herald reporter Wednesday morning: "We are sorry if any of our people see fit to walk off their jobs. We have been bargaining with the Union in good faith in St. Louis and have offered wage increases totaling nearly five and one-half million which the Union has rejected. We are confident that telephone people will realize their responsibility to the public to furnish telephone service and will remain on the job. And we shall continue to maintain good service as nearly normal as possible."

Mrs. Julia Halpain, head of the local Union group, had no comment to make Wednesday morning, nor did M. S. Fuqua, local wire chief.

The Southwestern Bell Telephone Company in Cameron employs a total of 37 workers of which 32 are operators. Not all of these are union members and would be affected by a walkout.

A walkout by the CIO Communications Workers Union would involve workers in Missouri, Oklahoma, Texas, Arkansas, Kansas, and parts of Illinois.

Federal mediators stated Tuesday night only that negotiations would resume at 8:30 a. m. CST in St. Louis in an attempt to avert a strike.

Cen-Tex Farmers Vote in Favor Of 1954 Wheat Quotas

Central Texas wheat farmers voted definitely in favor of wheat marketing quotas on the 1954 wheat crop, and so did the nation.

Although Milam County had eight eligible voters, no votes were cast. The polls at the PMA office remained open from 8 a. m. until 7 p. m.

McLennan County had 59 votes for, two against, with six votes challenged. Bell county had 65 for, seven against. Coryell County had 62 for, three against, three votes challenged. Hill County had 12 for, none against. Bosque County had 26 for, six against. Limestone County had two for, none against. Falls County did not report a vote.

The Texas balloting showed 92.3 percent in favor of continued high support prices on the 1954 crop. The vote was 18,056 for, and 1,496 against.

The unofficial national tally with most of the wheat states accounted for was: 171,203 for the quotas and 39,951 against the quotas.

GO TO CHURCH SUNDAY

Cotton Picking Is Far Ahead of This Time Last Year

Milam County has gathered over ten times as much cotton to date as it had this time last year. This year's total is well over 2,000 bales gathered so far, while last year's total in mid-August was only 200 bales.

The labor concentration point east of Cameron at the intersection of Highways 36 and 77 will be operated alternately by Max McClaren and William Bickett. McClaren will be there to aid the workers in securing jobs and the farmers in securing laborers in the morning hours and Bickett will perform those duties in the afternoon.

Buddist churches in the United States have an estimated total membership of 73,000, according to the American Peoples Encyclopedia Yearbook for 1953. There are 47 Buddhist churches in American and 74 Sunday Schools with an enrollment of 65, 560.

Mrs. Antonia Polzer of Cameron, and S. H. Penny of Waxahachie were admitted August 11 to St. Edward Hospital for medical treatment.

Recommendations For Wheat Farmers Who Must Cut Crops

Southwestern wheat farmers, facing the prospect of a reduction in 1953-54 plantings, can help themselves and their land by using the government's acreage allotment program as an opportunity for improving land use and installing needed conservation treatment.

This is the opinion of Regional Director Louis P. Merrill of the U. S. Soil Conservation Service.

Based on information from the Amarillo Experiment Station, Merrill's recommendations for farmers who must cut wheat averages are mainly these:

1: Use a diversified farming system to include wheat, sorghum, grass and livestock. (Merrill pointed out that in such a system, it would be beneficial to return any cropland west of the 20-inch rainfall line to grass for at least six years).

2. Where feasible, practice a flexible wheat-sorghum-fallow rotation.

3. Use cover crops and stubble mulch farming to help prevent wind and water erosion.

4. Put all land not suitable for cultivation into range or pasture.

In humid areas, Merrill pointed out, crop rotations may be lengthened to include more grasses and legumes for livestock feed.

By all means, the SCS regional director said, the capabilities of the land should be used in deciding which acres should remain in wheat production. Land capability guides have been worked out for all wheat farming areas of the region and are in the hands of soil conservation district boards.

Cotton Insect Situation

The weather was extremely hot and dry over most areas of the state. Scattered thunder showers occurred in some areas early in the week but appreciable rainfall was confined to very small localities. High temperatures caused considerable deterioration of the crop, especially in the central area where summer rainfall has been generally light. First bale ginnings have been made as far north as Dallas County. In areas where moisture conditions are good the crop continued to make satisfactory progress.

Cotton fleahopper infestations diminished in the central, north-central and northeast areas with injurious infestations reported from a few fields in some counties in these areas. Injurious infestations persisted in the northwest areas and infestations were light in the plains areas.

Boll weevil infestations continue to be heavy in late planted fields in south central counties where control measures generally are not being used. Infestations increased in most counties of the east area and there was a marked increase in some counties of the northeast area. Few injurious infestations were found in counties of the central and north central areas.

Bollworm infestations continue to be heavy in succulent fields in the south central, east and central areas but the numbers of such fields in the latter area has decreased considerably during the past week. Injurious infestations have increased in the north central, northeast and northwest areas but occur only in scattered fields in the plains area.

Injurious spider mite infestations are scattered with the heavier infestations occurring in bottomlands of some of the south central counties and in occasional fields in the northwest and plains areas.

There was some increase in boll weevil infestation in this area with infestations heavy enough to justify control measures in some fields in McLenyan, Milam, Falls, and Bell counties. Forty-seven untreated fields inspected in Navarro, Hill, McLennan, Milam, Falls and Bell counties. averaged 22 percent punctured squares.

Cotton fleahopper infestation averaged 6 per 100 terminals in 135 fields inspected. The infestation ranged from 26 to 50 per 100 terminals in occasional fields in Navarro and McLennan counties.

Advance Party Of Guard Unit Leaves For Fort Bliss

By Lloyd Albertson

Four enlisted men of Battery C, 649th Anti-aircraft Artillery Battalion, making up the advance party and mess section of the unit, left Cameron early Thursday morning for Temple to join other Battalion details and board an Army plane for a flight to Fort Bliss, near El Paso.

The four Guardsmen were: M-Sgt. Peter F. Kunz, Sgt. Richard H. Kamenicky, Sgt. Willie R. Boecker and Cpl. Bennie R. Juergens. Their plane is scheduled to leave the Temple municipal airport at 9 a. m. and arrive at Biggs Field, Fort Bliss, at 11 a. m.

On arrival at Fort Bliss the advance party will arrange for barracks and make other preparations for the main body of Guardsmen who will arrive by special train on Monday morning for the two weeks of National Guard encampment. Advance information indicates that Battery C members will be quartered in brand new barracks that are air conditioned.

Preparations to attend the annual Guard camp have been going forward during the past two drill periods at the Armory here. It is believed there will be almost one hundred per cent attendance by the officers and enlisted men of the local unit.

Rago Twins Gain Lead in Southern Select Twin Contest

With over half a million votes cast already, the Rago twins have a slight edge in the Southern Select Beer Twin Contest.

Brewery officials pointed out that it was too early yet to predict a trend in this popular voting contest. At this time the vote count is extremely close between the Rago twins and the Dumas twins, Jet and Gem. The Ridge and Leiter twins are not far behind in total votes, and the final winners are yet to be decided.

This unique contest was set up to determine, by popular vote, the twins to represent Southern Select Beer in 1954. Votes are cast in ballot boxes located at dealer stores selling Southern Select Beer.

It is now time to submit soil samples from the fields on which legumes and winter pastures are to be planted. A soil analysis should be the foundation for all soil building and improving programs.

This contest closes September 30, and the winners will be announced as soon as all votes are tabulated.

In accordance with Article 689a, Revised Civil Statutes, a public hearing will be held on the County Budget which I, as the statutory budget officer of Milam County, Texas, have tendered for the fiscal year of 1954, on Thursday, August 27, 1953, at 10 o'clock A. M. in the County Courtroom of the Courthouse at Cameron, Texas, at which time and place said tentative Budget will be considered in public meeting by the Commissioners' Court of Milam County.

Charles C. Smith, Jr.
County Judge
Milam County, Texas.

Fathers, Expectant Fathers Have Week To Tell Draft Board

Draft-age fathers or expectant fathers were warned Monday by the state draft director that they have only a week to tell local boards about their children or be liable for induction.

Brig. Gen. Paul L. Wakefield, state director of Selective Service, said written notice must go to local draft boards by midnight, August 24. He emphasized that later notice will make such men draftable under Selective Service regulations.

"Draft-age fathers and men expecting children had best act now, as notification later than midnight of August 24 will not permit local boards to classify such men in 3-A for their dependents," Gen. Wakefield said.

"The responsibility is up to the men involved," Gen. Wakefield continued. "Men in doubt had better check with their draft boards to see if they have proper notification.

Draft-age men who become fathers or expectant fathers on or after August 25 will no longer be eligible for deferment because of dependency, following an executive order of President Eisenhower. Local draft boards have regulations covering the order.

Draft-age fathers or expectant fathers, or those who become so before August 25, are exempt from provisions of the executive order and pertinent regulations, provided the draft board is properly notified.

In case of expectant fathers, certificate from a licensed physician must be secured, stating that a child has been conceived, probable date of delivery, and evidence upon which positive diagnosis of pregnancy is based.

Final Rites For Mrs. Amanda Woolley Scheduled on Friday

Mrs. Amanda Wooley died of a heart attack at 8:30 a. m. Thursday in Newton Memorial Hospital.

Funeral services will be conducted by Rev. Harsh Brown Friday afternoon at 4 at the Marek-Burns Funeral Home. Burial will be in Oak Hill Cemetery.

Born near Milano, Mrs. Woolley had been a Milam County resident all her life. She was a member of the Christian Church.

She is survived by one daughter, Mrs. Arthur Longmire of Cameron.

Older Household Workers Now Get Old-Age Benefits

"Many older household workers are now eligible for monthly old-age benefit payments under social security," James B. Marley, manager of the Austin social security office stated today.

These people are regular domestic workers now 65 or over who have been employed in one private household on an average of at least two days a week during the past two years.

If, due to health or other reasons, they are forced to give up regular employment, they can now file a claim for social security insurance and get monthly old-age benefit payments based on their earnings during the past two years. These earnings must have been at least $50 cash in each calendar quarter of their period of employment in one household.

Many other regular household workers, not yet 65, have built survivors insurance protection during the same time and their dependent families are eligible for monthly benefit payments in case of the death of the insured worker.

Old-age and survivors insurance benefits are based on the worker's earnings. "This is why it is so important to the domestic worker to have her employer report all of her cash wages for social security purposes," Marley declares. He says that the regular household employee can cooperate with her employer by showing her social security card. The employer needs to know the number on the worker's social security card. She copies this number on the reports she sends in on the worker's cash wages.

TELEPHONE WORKERS WALK OUT THURSDAY

"Due to the walk-out, we are accepting urgent calls only" . . . That's what Cameronites heard today when they picked up their telephone receivers.

Non-union employees of the local branch of the Southwestern Bell Telephone Company worked steadily in an effort to keep lines open for emergency calls in the area. Union members staged their walk-out at 6 a. m. as did others in Local 6206 which comprises some 200 employees in the Temple, Belton, Cameron, Rockdale, and Lampasas area.

Although negotiations with the CIO Communications Workers of America continued late into the night, no agreement could be reached on a new contract.

Reports said Southwestern Bell offered wage boosts ranging from $1 to $2.50 weekly. Union officials said the 3½ cent hourly increase was not enough. Southwestern Bell Telephone workers receive wages ranging from a $35 weekly starting salary for operators in smaller towns to a top of $95 a week for skilled plant craftsmen.

Southwestern Bell operates in Texas, Missouri, Kansas, Oklahoma, Arkansas and Illinois. It employes 24,000 non-management workers in Texas and has dial systems in 122 Texas cities and manually operated exchanges in 137.

Members of the publicity committee not in the picture are Billy Joe Reynolds and Joy Anthony.

Ice Cream Making Party For Youths

The best thing that can be done with milk, sugar, and eggs is to turn them into smooth, rich ice cream, and turn is the correct word. Baptist boys furnished the turning power Saturday night to freeze several gallons of home-made ice cream for the Intermediates, Seniors and Young People of the First Baptist Church. The girls scooped out the cooling confection.

Lively games and entertainment were enjoyed during the evening.

MR. AND MRS. B. G. RICE

Mrs. Jennie Knight, Mr. B. G. Rice Wed Aug. 7; Make Home in Cameron

The recent marriage of Mrs. Jennie Knight and Mr. B. G. Rice has been announced. The ceremony took place at 3 p. m. August 7 in Sherman, Texas.

Mr. and Mrs. John Rice of Grayson County, brother and sister-in-law of the groom, served as attendants. Judge J. N. Dickson, a personal friend of John Rice, performed the simple ceremony.

The couple wore ensembles of navy and white. The bride's corsage was of white carnations.

Following a honeymoon in the Sherman area, the couple are making their home at 1701 North Davis Street in Cameron.

Mrs. Rice was a Milam County resident until 1927 when she moved to Austin in Travis County. She had been a business woman since 1942.

Mr. Rice is a native of Georgia, but has lived in Milam County since 1898. He farmed and was Justice of the Peace at Ben Arnold from 1916 until 1950. Since that time he has been Justice of the Peace of Precinct 1, Cameron.

Mrs. Rice has four children, all residing in Wichita, Kansas. They are: Mrs. Merlin Jones, who is in the real estate business; Gus F. Knight, who is associated with Bowen Aircraft; Charles F. Knight, director of public relations for the Gas Service Company and the Junior Chamber of Commerce; and Mrs. Jimmy Wuest, credit reporter for Montgomery Ward. She has eight grandchildren.

Mr. Rice has two sons: Doyle Rice of Houston, who is employed by the Sinclair Oil Company; and Oxsheer Rice of Ben Arnold, who farms and is also employed by the Southern Pacific Railroad. He has nine grandchildren.

Presbyterian Women Have August Circle And Group Meetings

The Women of the Presbyterian Church met at the church August 3 for Bible study and a special program. Mrs. Carl Black gave the Bible lesson followed by the scripture reading, given by Mrs. John Muse. Mrs. R. J. Woodum discussed "My Church in the Present Day."

Circles of the church met in their individual meetings on August 10. Circle 1 met in the home of Mrs. D. K. Hall in the morning. After the Bible lesson, given by Mrs. Gillis, Mrs. R. J. Woodum spoke on the use of time and talent.

At the afternoon meeting of Circle 2 with Mrs. Judd Davis. Mrs. Lyle McDermott gave the Bible lesson and Mrs. Davis discussed the use of time and talent.

The evening circle met with Miss Lalla Myer. Mrs. K. Robbins presented the Bible lesson and Miss Lenora A. Bickett made a talk on the use of time and talent.

Each of the circle meetings was followed by a social hour at which refreshments were served.

Friday Barbecue Celebrates Birthday Of Billy Newton

Billy Newton entertained a group of young people Friday night at the Newtons' Bear Hunter's Inn on Little River. The occasion was his seventeenth birthday.

After a barbecue with all the trimmings, the group played games and looked at the river and spring. Billy received a number of nice presents.

Attending the barbecue were Billy, Nan Hubert, Billy Joe Reynolds, Norinne Holder, G. Childress, Elizabeth Newton, Donald Rose, Lu Wane Asher, Dick Jenness, Beverly Freeman, Allen Schiller, Anne Hinyard, James Posey, Nancy Lawrence, Drayton McLane, Carolyn Russell, Glen Dodson, Jimmye Rae Colburn, Charles Walston, Helen Armstrong, Franklin Stewart, Edward Brady, LeRoy Franklin, and Turner Newton.

Mrs. W. R. Newton and Mrs. W. R. Newton, Sr. were hostesses for the evening.

Eight of the boys remained after the party as overnight guests.

Mrs. Clayton Baker Honored at Friday Afternoon Shower

Mrs. Clayton Baker was honored at a stork shower Friday afternoon in the home of Mrs. Max McClaren in the Country Club addition.

Arrangements of crepe myrtle and zinnias graced the coffee tables on the spacious front porch where the party was held.

Mrs. Morris Coward directed the guests in a series of games before the honoree was presented with her gifts.

The numerous lovely presents were enclosed in an attractive gift box decorated in blue and pink crepe paper. In the center of the box lay a toy baby upon a bed of blue and pink ribbon. From the container fell streamers holding baby lambs, rattles and baby cups.

After the presents were opened and admired, refreshments of pink and blue sandwiches, pink and blue cup cakes and punch were served.

Miss Helen Reichert Honored Friday At Pre-Nuptial Party

Mr. and Mrs. Rufus Reichert entertained Friday night with a buffet supper honoring their daughter, Helen, bride-elect of Charles Brady, Jr.

The lace-covered table held an arrangement of lovely red carnations. From the centerpiece extended red satin streamers, inscribed in white with "Helen and Charles—September 12," to six points on the table.

The wedding vows will be read in a candlelight ceremony at the First Presbyterian Church with members of the families present.

Veteran Loans After August 31 To Have No Gratuity Payment

Dr. George T. McMahan, manager of the VA Center in Waco, has received information of interest to home buying veterans and lenders.

Public Law 142, 83rd Congress, approved by the President on July 27, 1953, provided for the suspension of GI loan gratuity payments during the 10-month period, Sept. 1, 1953 to June 30, 1954.

Veterans Administration today announced that in compliance with this law gratuity payments will not be made to veterans who obtain GI loans after August 31, 1953.

Previously, veterans who obtained GI loans were given gratuity payment equal to 4 percent of the guaranteed portion of the loan up to a maximum of $160. These payments were credited to the veterans' loan accounts by the lenders.

Where loans have been initiated prior to the cut-off date, VA said that gratiuity payments may be made after August 31, 1953 only if the loans fall within the following categories:

1. A loan on which VA has issued an evidence of guaranty or insurance or has issued a Certificate of Commitment dated prior to Sept. 1, 1953.

2. A loan which has been closed and actually paid out in full prior to Sept. 1, 1953 by a supervised lender.

3. A VA direct loan which has been closed or VA has issued a notice of approval or a commitment prior to the cut-off date.

VA said it was urging its regional offices and all lenders participating in the GI loan program to avoid any delays in processing loan papers which may result in a veteran being deprived of his gratuity payment.

Three Fort Worth Priests Receive Honors From Pope

Three Fort Worth Catholic priests have received pontifical honors conferred by Pope Pius XII, it has been announced by Bishop Thomas K. Gorman of the Diocese of Dallas.

Msgr. Joseph G. O'Donohoe, pastor of St. Patrick's Church since Jan. 1940, received the honor of prothonotary apostolic; Rev. Ernest G. Langenhorst, pastor of St. Alice Church, has been appointed domestic prelate, and Rev. Joseph P. Erbrick, pastor of St. Peter and St. Paul parishes, has been named private chamberlain.

The three appointments were among 13 made in the Diocese of Dallas. Father Langenhorst was given the title of right reverend monsignor and Father Erbrick, very reverend monsignor.

The honor conferred on Monsignor O'Donohoe is the highest for a priest who is not a bishop. It is recognized as an expression of the highest mark of approval of the pope on the priestly character and lifework of the recipient.

New Rotation Program

The Army's new rotation system now sets the normal tour of duty in Korea at 16 months for all soldiers. In the past troops have been rotated by a point system. Those stationed at the front got four points a month while those in rear areas got two.

This new policy will not affect personnel who will be ready to rotate under the point system before October 1. They are scheduled to return under the old point system.

Furnace fits in space 2 ft. wide and 3 ft. deep

Usually central heating ducts and diffusers are installed in ceiling and walls. As the layout sketch above shows, New Perimeter Central Heating ducts and diffusers are different.

Warm air ducts run under the house. Small, attractive warm air diffusers fit in floor beneath windows in each room. Installation takes only two or three days . . . leaving your home neat as a pin.

Best of all—New Perimeter Central Heating ducts and diffusers cost less to buy and install. New Perimeter Central Heating costs no more than to properly equip your home with floor or wall furnaces!

A modern heating installation is your only completely effective weapon against wall sweating, stuffy air and unhealthful drafts. Modernize with New Perimeter Central Heating. Call Lone Star Gas Company's expert heating representative. Ask him for a free Home Heating Survey.

LABOR PRESENTS $1500 DAIRY COW CHECK TO CROP—Walter Parr, right, regional director of the Christian Rural Overseas Program in Fort Worth, points out for William J. Harris, president of the Texas State Federation of Labor, the area in West Germany where 15 dairy cows financed by AFL Labor in Texas will be distributed. Holding the check for $1500 which Harris presented to Parr is Mrs. Catherine Lawton, secretary of the CROP regional office. The contribution of AFL Labor in Texas was approved by the recent convention of the TSFL, the money may be raised from AFL organizations in Texas. The cows will be part of a shipload of CROP supplies scheduled to leave Texas during August.

THE LITTLE RIVER PHILOSOPHER SAYS THERE ARE THINGS MORE IMPORTANT THAN THE H-BOMB THAT RUSSIA CAN'T INVENT

Editor's note: The Little River Philosopher on his Johnson grass farm at Marlow, has a new slant on the Russian situation, his letter this week reveals.

Dear editar:

There is considerable speculation in this country over whether or not Russia has the Hydrogen bomb.

Malenkov, the temporary dictator of Russia—all dictators are temporary, at least they always have been—claims Russia has the H-bomb, but there ain't a Justice of the Peace court in the United States that'd accept testimony from him with a straight face.

A lot of experts in this country have speculated on the matter also, and as I understand their opinions some of them believe Russia has the bomb, others don't. You can see, the experts are on the ball and one or the other is bound to be right.

However I've been thinkin, whether Russia has the Hydrogen bomb or not doesn't make too much difference, if she hasn't got it now she will have it sooner or later, keepin such things a permanent secret is about like tryin to keep some other country from figurin out the principle of the ice box or the ironin board.

But there are some things which Russia hasn't got, which makes this country head and shoulders ahead of her. There are some things the Russians just ain't got any talent for figurin out.

For example, Russia just ain't never been able to figure out the principle of the privately owned newspaper. Every time some editar over there gets the idea of startin a newspaper, something happens to him. Either his press breaks down, or his nervous system does, or he just disappears and ain't heard from no more. There's a fertile field for independent newspapers over there, but the Russians just don't seem to have the know-how.

Also, Russian financiers have never perfected the principle of the privately run bank. Those little confidences which exist between a man in this country and his banker just don't crop up over in Russia. It's not that some Russians aren't thrifty, but a man with a bank account over there is as scarce as anti-administration letters to the editar in the state-owned newspapers.

Another thing Russia can't figure out is how to produce barbers with freedom of speech. This ain't necessarily the worst thing about Russia, but there are barbers in this country who would wind up with a nervous break-down under such a system.

Another thing Russia can't invent is the split ballot, and markdown sales in drygoods stores, and two political parties, and Supreme Court Judges who can't be fired, and farmers who get to keep what they grow if they don't feel like selling, and people who loaf when they feel like it.

I tell you, whether Russia has the Hydrogen bomb or not is a small matter in the face of all the things she knows about and still can't perfect.

Yours faithfully,
J. A.

James L. Arrington, Kin of O. R. Looneys, Dies In Houston

James Lee Arrington of Freeport, 47, died Sunday, Aug. 2, in a Houston hospital. His wife is the former Frances Looney, daughter of Mr. and Mrs. O. R. Looney of Cameron.

Funeral services were held at 10 a. m. Aug. 4 at the Freeport Church of Christ. Mr. Ernest Witt, minister of the church, assisted by Mr. Fred Barton of Abilene, conducted the rites. Burial was in Restwood Memorial Park.

Mr. Arrington, who had been in ill health for several months, was stricken with a heart attack early on Aug. 2 and died several hours later in Hermann Hospital.

He was born in Castillon Springs, Tennessee on Dec. 13, 1905 and came to Brazoria County with his family at the age of 13. He moved to Freeport in 1925.

In 1929 Mr. Arrington and his brother, Frank, bought Brockman's Department Store in Freeport, formerly owned by his father and brother-in-law. They operated the store until 1947 when they opened the Gulf Crest Hotel Courts in Velasco.

A past president of the Freeport Lions' Club, Mr. Arrington was active in a number of civic organizations, including the Community Chest, the Red Cross and the Girl Scouts.

Mrs. Arrington, a graduate of Yoe High School, taught school in Ben Arnold and Hearne prior to her marriage.

In addition to his widow and brother, he is survived by two sisters, Mrs. B. D. McKinney of Bryan and Mrs. J. C. Brokman, Sr., of West Columbia; an aunt, Mrs. John Grissim of Lebanon, Tennessee; and several nieces and nephews.

Cameron Gets 2.59 Inches Of Rain

Milam County residents relaxed in the rain-washed air, but still wondered if the rain would ruin the open cotton or just make the late cotton grow better.

At twelve noon Thursday the Cameron Water Department reported that 2.59 inches of rain had fallen since Wednesday afternoon. At press time it was still raining. This new amount of moisture raises the year's total to 22.53 inches, 3.61 inches more than at this time last year.

After a 10-inch downpour of rain created a small flood at Bronte, north of San Angelo, Wednesday, the State Health Department ordered typhoid vaccine flown in.

Rosebud had received 2.40 inches of rain at 4:30 p. m. Wednesday; Baileyville, 3 inches; Temple, 1.6; Belton, 1.; Bartlett, 1.95; and Jarrell, .17.

Federal Narcotics Agent Will Speak To Lions on Tuesday

Tex Foster, former Federal narcotics agent, will speak to Cameron Lions at their meeting next Tuesday.

Foster moved into the underworld by request of Federal officers to lead an attack upon the dope traffic. He spent nine months acting as a dope peddler under the aliases of Alexander Garza and Duke Dawson.

Responsible for over 170 arrests and convictions throughout the state, he has worked to curtail juvenile delinquency in many cities.

Among the awards and honors this agent has received are: rated one of the nation's ten most outstanding young men in 1952 by the National Junior Chamber of Commerce, received the special award citation from Official Detective program, was awarded Benrus Citation wrist watch for outstanding contribution to communities, states and nations, was voted Cop of the Year by the National Press, and has a teen-age fan club in Wichita Falls.

Tex Foster's experiences have been written in such magazines as "Blue Book," "Red Book," "Official Detective," "Front Page Detective," "Times," and "True." He has been heard numbers of times on national radio programs and has appeared on such television programs as "We, the People" and "Crime Syndicate."

All Lions are urged to attend this interesting and informative program on a subject of national concern.

A "RAIN" OF SILAGE SAVES DROUTH AREA CORN

Farmers and ranchers in dry areas are saving hundreds of thousands of dollars worth of corn this year by making silage, according to reports from the drouth sections. They're doing like this Texan, chopping the crop with a forage harvester and putting it away in big trench silos. By chopping the corn, these farmers are preventing its damage by a long dry season. Made into corn silage, the crop becomes a high-energy feed for livestock, made at comparatively low cost. This photo was made on the farm of Floyd Fletcher by the Dallas Morning News.

The man with 248,404 different names

Idly toying with pencil and paper, we just figured out what it would cost to buy yourself a certain electric manufacturing company. Complete with factories, machines, raw materials in the bins, and so forth.

Write your check for 2 billion dollars, please. (That's at recent price per share quoted on the Stock Exchange.) But don't send the check to the company. It doesn't own the stock.

You'd have to buy back the stock in bits and pieces from 116,000 women share owners. And 83,000 men. You'd have to get in touch with about 25,000 trustees and guardians. And a few thousand insurance companies, universities, hospitals and pension trusts to buy back the stock *they* own.

We wouldn't blame these people if they didn't sell to you. They don't have to, you know. Maybe they want the stock for the same reason you do.

Not even a thousand millionaires, each putting in a million dollars, could "own" General Electric. The "man" who owns General Electric has 248,404 names. There are that many owners on the books.

Simple mathematics can shoot a large round hole in the childish misconception that America's basic companies are owned by a few lucky people.

Suppose there were the fantastic total of 100,000 millionaires. Even they couldn't buy the "people-owned" businesses on which America depends for goods. But already six and a half million individuals have a direct investment in America's production.

The only thing bigger than America today will be America tomorrow. And the only collection of people rich enough to finance this growth and share in its success is the public.

You can put your confidence in—

Chiropractic Aid Now Included In Compensation Law

A good portion of the legislation passed at the recent session of the Texas Legislature will go into effect Wednesday, Aug. 26. This date is 90 days after adjournment, which is the time most bills become laws except under certain circumstances.

One of the new laws that will go into effect on this date will be an amendment to the Workmen's Compensation law which will permit insurance companies to pay for chiropractic services when workmen suffer back injuries or other ailments originating in the spine.

Under the State Workmen's Compensation law that has been in operation in Texas, insurance companies were authorized to pay only for medical and surgical services.

With the new amendment, Texas becomes the 39th state to recognize the value of chiropractic in assisting workmen to get back on the job.

Insurance company executives have advised officials of the Texas State Chiropractic Association that between 50 and 75 per cent of the workmen's compensation claims in Texas in 1952 involved back and spinal injuries.

It is estimated that around $17,000,000 was paid in claims in Texas last year.

Chiropractic leaders said this week that the amendment to the law will be of interest to all persons covered by workmen's compensation.

Another amendment to the Workmen's Compensation law that goes into effect Aug. 26 enables government workers in cities, towns and villages to come under the compensation set-up. It also provides for chiropractic care.

A-2c Whittington Completes Water Instructor Course

Mose C. Whittington, son of Mr. and Mrs. Riley Whittington of Cameron, was one of twelve airmen of the 13th Air Force who successfully completed the American Red Cross Water Safety Instructor course given in Japan recently.

A-2c Whittington has been in the Air Force two years and was formerly a farmer.

A-2c Whittington and the other graduates will go back to their units to train other men in water safety and combat swimming.

Besides learning the ordinary swimming and life-siving skills of civilian life., servicemen must learn how to swim under combat conditions. This involves such exploits as swimming across a river under fire, fully dressed, wearing a steel helmet and sixty-five pound field pack and carrying a rifle out of the water so as not to get wet.

The Water Safety Instruction Program is conducted by the American Red Cross throughout the Far East Command under a directive from General Mark Clark, who has urged all units to take advantage of it. Six specially trained enlisted men are on detached service with the American Red Cross for the purpose of conducting Water Safety Instructor Courses as part of the military training program at installations throughout the command. The Red Cross Instructor at Clark Air Force Base was A-2c S. Edwards of Roanoke Rapids, N. C.

Jesse R. Stevens Enters Mechanic School at Sheppard

A-3c Jesse R. Stevens, 19, son of Mr. and Mrs. C. E. Stevens of 204 North College Ave., Cameron, has entered the Aircraft Mechanics School at Sheppard Air Force Base, the home of the largest technical school of this type in the world.

During his specialized training as a student at Sheppard he will receive intensive training designed to provide him with the thorough knowledge and basic skills required in servicing, inspecting and maintaining aircraft currently used by the United States Air Force.

Upon graduation he will be awarded the rating of Airplane and Engine Mechanic. Along with the majority of graduates in his class, he will enter a course for advanced training or will be assigned to one of the major air force commands for on-the-job experience with first-line operation aircraft after completion of his schooling here.

Airman Stevens is a graduate of Yoe High School. He entered the Air Force on May 8, 1953.

FISHING TRIP

Jimmy Asher went with several of his R. A. boys on an overnight fishing trip on the Brazos River Thursday. Those who enjoyed the outing were Bernay Dusek, Gerald Witt, Billy Hensley, Turner Newton, Bobby Griswold, Robert Lee Mann, Allen Dodson, Paul Young, Adrian Bailey, Donald Rivers and Carter Collins.

Miss Shirley Horstmann who has been ill is reported to be recovering nicely.

Fred Knight Now Training At AF Base in San Antonio

Fred Knight, 18, son of Mr. and Mrs. Fred Knight of Cameron is completing his AF basic airmen indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the world's largest air force base, site of Air Force basic training, for men and women, headquarters of the Human Resource Research Center, and home of AF's Officer Candidate School.

His basic training is preparing him for entrance into Air Force technical training and for assignment in specialized work. The course includes a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

Edward P. Young Is Aboard USS Juneau On Mediterranean

Edward P. Young, Jr., seaman USN, son of Mr. and Mrs. E. P. Young of 504 East 13th St., Cameron, Tex., is aboard the anti-aircraft cruiser USS Juneau which visited the Mediterranean port of Genoa, Italy.

Since the Juneau's arrival in the Mediterranean in May 1953, she has made visits to several interesting ports in North Africa and France.

The ship participates regularly in Naval maneuvers, operating with other units of the Sixth Fleet.

The Juneau is a veteran of the Korean Campaign, having completed two tours in the combat zone while serving with the Pacific Fleet from 1949 to 1953.

Legume Planting Is Subject at Farm Bureau Meeting

A general meeting of the Milam County Farm Bureau was held Thursday, August 20, at 8 p. m. in the district court room.

J. D. Moore, county agent, will showed slides on the fall planting of legumes and the use of fertilizer to build the soil. A representative of the PMA gave information on the subject according to government regulations.

Water Conditions in July

Rainfall over the state was 86 percent of normal for July . . . varying from one-eighth normal in Corpus Christi coastal region to twice normal in the west central region of Texas. Substantial rises occurred in the upper watersheds of the Brazos, Canadian, and Red Rivers, and in scattered areas over the state, alleviating critical drought conditions in many localities in varying degrees; however, the drought remains serious in south and west Texas. Small rises occurred in some of the upper tributaries of the Trinity River but were not of sufficient magnitude to relieve the serious shortage in municipal water supplies in that area.

Battetown Baptists Have Study Course, New Girls' Auxiliary

The Battetown Baptist Church is holding a Sunday School study course at 7:30 each evening this week.

ALCOA LAKE—

lake will be something like this:

Drive to the dock area and secure a pass for one day's fishing.

Fishermen may use their own boats or rent them at the concession house. Motor size on the lake will be limited.

Fishermen may use all the lake except those areas near the plant which are marked restricted.

Alcoa Lake, which covers 850 acres, was formed early this year when water was pumped from the confluence of the Little and San Gabriel Rivers, under a permit issued by the Texas Board of Water Engineers. During the four and one-half months pumping period, 15,000 acre-feet of water was moved 12 miles through a steel reinforced concrete pipe.

The lake is retained by a mile long earthern dam. The dam contains 1,375,000 cubic yards of dirt and is protected from overflowing during flash floods by flood gates.

Alcoa's power plant, which will be operated by Industrial Generating Company, will use water from the lake for cooling purposes.

Some 9500 Air Force ROTC second lieutenants are scheduled for active duty in the fiscal year 1954.
